ANDERSON
PLUMBING
HEATING & AIR®

License # 493163

Dear Friends,

Our business was built on a foundation of caring – about our community, our clients, our employees, our vendors, and our company. As we continue to learn more about the COVID-19 virus, that foundation of caring means we are committed to taking every precaution possible to help keep everyone healthy and safe.

With this objective in mind, we have implemented several **procedures based on CDC recommendations** to respond to and reduce the threat of COVID-19, such as:

- Employees who are able to work from home, will do so
- In-person group meetings and gatherings will be suspended or handled online
- Our offices will be sanitized on a set schedule, focusing on all high-contact and high-traffic areas
- New illness protocols will be put into effect mandating the report of illness at the first sign of any symptom, and suspension of in-person contact with others until the risk of infection has passed

Employees are encouraged to follow our “CASCADE” policy:

Clean hands often

Avoid close contact, including hand shaking with customers and team members

Stay home if sick or family members are sick

Cover coughs and sneezes

Avoid touching eyes, nose, and mouth, with unwashed hands

Disinfect and clean frequently touched surfaces

Ensure customer unique needs are addressed

We know that plumbing, drains or HVAC problems will occur even during illnesses and health concerns. Many of you have scheduled service or repair appointments, and many more will have unforeseen home service needs during the upcoming days and weeks.

Sincerely,

Mary Jean Anderson

Mary Jean Anderson
President, Anderson Plumbing, Heating & Air

What we are doing in the field:

- Limiting physical contact – including hand shaking with clients and team members
- Sanitizing hands and the work space before and after the job
- Wearing gloves when possible
- Covering shoes when entering the home
- Inquiring about illness before entering the home to ensure additional precautions like wearing masks

We are always here to help. We are committed to serving your household to the best of our ability – and maintaining the lowest health risk possible while doing so. If you have any concerns, we will be happy to discuss solutions with you, or reschedule your appointment.

We will continue to closely monitor the situation and remain dedicated to the health and safety of your families and our team.
